

Call for Submissions: Reflections 2022

Reflections 2021

ACADEMY FOR LIFELONG LEARNING OF CAPE COD

Reflections, our annual anthology of writing and art by members of ALL, seeks poetry or prose pieces as well as photographs and/or artwork for the 2022 issue which will be published next winter.

Send submissions for *Reflections 2022* from now until October 15th. These can include poetry or prose pieces as well as photographs and/or artwork. Try to limit your written work to 1,000 words due to limited space.

After this unique year, you may have found comfort in writing and have much to say, but if you would like a prompt, we offer the following suggestions:

- The funniest thing that ever happened to me

- Tell us a secret
- An incident from a road trip
- What kept you sane during the past year

Submit your work by email to Mary Nyman at seascapesetc@aol.com. Mary will send you a message upon receipt.

Here is the PDF link to *Reflections 2021* which was published in February:

[Reflections 2021](#)

You can read the entire anthology and see artwork in full color. You can print the entire book if you like or print only pieces you would like to keep.
